# ABOUT US

TakZarf Plastic Industries Company Commissioned in 1999 by producing and printing disposable dishes for packing dairy products, ice cream, fruit juice and other food stuffs and in addition to obtaining the required licenses could obtain operation and production license from the ministry of health and treatment.

The company, through 15 years of continuous activity and fulfillment of most dairy plants requirement through the country has always moved toward modern, advanced and state of the art products for packing industries and having studied and obtaining scientific and experimental levels in this regard Developed the factory in 2009 increasing production area from 3000 square meters to 40000 square meters, consisted form separate production and printing area, raw materials warehouse, final products warehouse on completely hygienic standards and operated state of the art machines for totally automatic production and printing machines in compliance with European technology and Improved the company quality management by obtaining ISO 9001:2008

Quality management Certificate from TUV NORD company, Germany and Standard mark for produced dishes, and was recognized by Food and Drug Organization In 2012 as premier hygienic unit, having produced more than 300 different packing vessels of PP (polypropylene) ,HIPS (high impact polystyrene), GPPS,PVC and PET with the objective to be premier producer in packing dishes industry in Iran. Now by the help of our Lord and relying on continuous endeavors by R&D unit, coordination and collaboration with the experts from developed countries, we are proud to be the best producer In the Middle East relying on collaboration by producers of packing industries.
